HEY!

OCTOBER 15TH, YEAR 20XX, 10:19 AM

Outside the
capital city,
the ground
rode,

and a hole 100
metres in diameter
appeared. That
was the gate to hell.

When the first
atomic bombs
came, the earth
shook throughout
Japan.

The rise of demons
became society's
problem...

With a shudder,
the human
world was
inverted by
demons.

Japan's government,
meeting a crisis,
created the DMG
Institution in
cooperation with
demons.

The demon's side
is working on
finding a con-
clusion to the
crimes of all
demons.

OCTOBER 1ST, YEAR 20XX

11 years later...

People begin practice everyday human society..
